

### FIRST POLISH MISSION HERE.

Representatives Henry Jewish Pagnon and Charles Kaganowicz. Poland's first mission to this country arrived yesterday from Marseilles on the steamship Canada. There were thirteen members, including C. Blumczynski, Consul General. Accompanying the mission were M. W. Heyment, the Polish author, and Lieut. Col. Francis Franczak of Warsaw, a member of the Polish National Committee in Paris.

A of them denied the reports of Jewish pogroms in Poland. They asserted there have been no such slughters as were depicted and said the stories emanated from Stockholm and Copenhagen.

### AMERICANS STOP STRIKE CALLED IN RHENISH REPUBLIC

COBLENZ, June 2 (Associated Press).—A general strike throughout

the American occupied area was declared by the Germans yesterday as a protest against the reported launching of the Rhenish Republic in Wiesbaden. It was only four hours in duration, the workmen returning to their labors after being warned of the consequences by the American military authorities. The principal strikers were the railway employees and the street car workers at Treves and Coblenz. When the news of the strike became known the Americans sent word to the labor leaders that unless the Germans returned to work by 1 o'clock the lead-

ers and all the other strikers would be deported into sections of Germany unoccupied by American troops. The Inter-Allied Railway Commission reported that all the workers had returned to their jobs. Newspapers in Coblenz printed stories denying the birth of the German republic at Wiesbaden and asserting that the report was an effort on the part of certain Germans to mislead the population of the Rhineland. By order of the American authorities the Coblenz Volkszeitung has been suspended for two days for publishing an article asserting the

French had a hand in the movement for the secession on the part of the Rhine province and claiming that the French were responsible for the activity of Germans who have been fathoming the separation of the province from Prussia. The Americans are co-operating with the British and have adopted an attitude of maintaining public order and taking any action necessary against demonstrations of any order within the occupied areas. No orders to the contrary had been received from Gen. Pershing's headquarters at Chaumont or from Paris regarding the American policy toward the movement for the establishment of a Rhenish republic.

Press).—One hundred Rhenish members of the National Assembly conferred with Chancellor Seheidemann yesterday for four hours and agreed that the German Government should reject the new Rhenish Republic, a Berlin dispatch reported today. German Government Orders Arrest of Dr. Dorden. BERLIN, June 2.—The German Government has issued an order for the arrest of Dr. Dorden, the President of the new Rhenish Republic, the North German Gazette announces. The Government has entered protests both at Paris and at Spa, the headquarters of the Armistice Commission, against the behavior of the French authorities in the occupied area of the Rhineland.
